

**Electronic Visit Verification (EVV) Vendor Questionnaire:
EVV Implementation for Self-Direction Programs**

In January 2018, Applied Self-Direction issued a Request for Information (RFI) to identify vendors interested in serving self-direction programs. In addition to basic contact information, vendors were given the option to complete the following questionnaire based on our [EVV Implementation Tip Sheet for Self-Direction Programs](#). Vendor responses to these questions are available as a member-only resource through our [Directory of EVV Vendors Interested in Serving Self-Direction Programs](#).¹

1. What is the name of your organization?
Technopurple

2. What is the name of your EVV System?
Technopurple

3. Does your EVV system currently serve self-direction programs?
Yes

4. What are the states where you currently serve self-direction programs?
 - Georgia

5. How does your EVV solution address the issue of limited internet access?
Data can be captured electronically at the time of service delivery and transferred to the central system when access is available.

6. How does your EVV solution address scheduling workers?
 - Weekly set schedules are entered by a system administrator
 - Changes to schedules can only be made by a system administrator
 - All login and logout times must fall within the set schedule

7. How does your EVV solution capture the location where services are delivered when they are not provided at the participant's home?
 - Geolocation at start and end of shift
 - Continuous geolocation based on the current location of the participant

8. How do features of your EVV solution support a user-friendly experience?
 - Workers create their own password and username
 - The user interface is based on common mobile device conventions
 - Any on-screen text can be customized for languages other than English
 - Tasks can be accomplished with a minimum number of clicks or taps
 - Text entry is minimized

9. What options do you offer for training workers, participants, and agencies?
- Initial in-person orientation provided to state agency; state is responsible for training provider agencies, workers and participants
 - Initial in-person orientation provided to provider agency, and agency trains workers and participants
 - Initial orientation for participants and workers provided by live webinar with opportunity for Q&A
 - Initial orientation for participants and workers provided by recorded webinar with an option for submitting questions
 - Orientation is scheduled on a regular basis as new participants enroll
 - Web-based training videos
 - Webinar-based training
 - Online help documents are available
 - Online help with chat is available 24/7
 - Training is available in alternative formats
10. How are participants involved in verifying the actual hours worked?
- Start times, shifts and tasks are flexible.
 - Start and end time are captured upon login and check-in.
11. Can workers or participants use their own mobile devices with your EVV solution?
Yes
12. Can workers or participants use their own computers or tablets with your EVV solution?
Yes
13. Do you provide devices that can accompany a worker or participant beyond the home with your EVV solution?
Yes
14. Does your solution require the use of a device installed at a physical location?
No
15. Does your solution offer the use of a device installed at a physical location as an option?
No
16. Do you provide repair and replacement of devices?
No
17. How does your EVV solution address security issues and safeguard the privacy of system users?
Yes. We use secure hosting with username, password and facial recognition.
18. Do you offer an aggregator system?
Yes

19. Can your EVV solution be used with an aggregator system?

Yes

20. How does your EVV solution help FMS providers achieve operational efficiency and minimize the need for time entry edits and manual overrides?

We allow for maximum efficiency by using a forms-based intuitive mobile application that requires few edits and overrides by field personnel.
